PROFESSIONAL SUMMARY

Java and Spring Boot Developer with 2+ years of experience in designing and optimizing backend services, REST APIs, and database-driven applications. Skilled in Spring Framework, JPA/Hibernate, and SQL with hands-on exposure to Agile practices, API testing, and cloud fundamentals (Azure). Seeking to leverage backend expertise in a Java/Spring Boot Developer role to deliver scalable, secure, and efficient solutions.

SKILLS

- **Programming Languages:** Java.
- **Web Technologies:** HTML, CSS, JavaScript, Servlet, JSP, REST APIs
- **Frameworks/Libraries:** Spring, Spring Boot, Spring Security, Hibernate, JPA.
- **Tools & Databases:** MySQL, Git, Postman, Maven, GitHub, Eclipse
- **Methodologies:** Agile.
- **Soft Skills:** Problem Solving, Debugging, Collaboration, Communication

WORK EXPERIENCE

ACCENTURE INDIA

Hyderabad

Custom Software Engineering Analyst

Sept 2022 – Present

- Integrated client-facing UI with back-end services using **REST APIs**, focusing on secure and efficient data flow.
- Collaborated in Agile sprints to deliver incremental value, participated in code reviews, and resolved technical blockers in **Spring Boot**.
- Conducted backend optimization efforts by refactoring service logic and improving database interactions via **Spring Data JPA**.
- Utilized **Postman** for API testing and **Maven** for build management and dependency handling.
- Contributed a reusable React component library that streamlined UI development across modules.
- Played a key role in early delivery of a major self-service portal update, improving customer engagement.

Custom Software Engineering Associate

- Assisted in developing and debugging backend services using Java and Spring Boot.
- Participated in UI enhancements using basic HTML, CSS, and JavaScript for internal tools.
- Supported integration and testing of REST APIs with Postman during module development.
- Involved in regular code pushes via Git and followed Agile ceremonies as a team contributor.

COGNIZANT

Hyderabad

Intern -Front-End Development

Feb 2022 – June 2022

- Worked and gained hands-on experience on Web technologies like HTML, CSS, JavaScript, and SharePoint.

EDUCATION

Gokaraju RangaRaju Institute of Engineering and Technology

Hyderabad

Bachelor of Technology in Electronics and Communication Engineering

July 2018 – May 2022

CGPA: 9.36.

Sri Gayatri Junior College

Hyderabad

Board of Intermediate Education in MPC

July 2016 – April 2018

Score: 98.3%.

Krishnaveni High School

Kamareddy

Secondary School certificate

June 2015 – May 2016

CGPA: 9.5

CERTIFICATIONS

- Microsoft Certified: Azure Fundamentals Certification. Certification Number: EC5K6F-B3C6E4.

ACHIEVEMENTS

- Received Monthly award for best work for March 2024, January 2025.
- Research paper published in AIP Conference (01/2023) American Institute of Physics DOI: 10.1063/5.0165847
